

# You Never Wanted Me

Jackson C. Frank

Wondering and waiting  
My back against the wall  
Not a word that passed between us  
Comes to call  
Just your shadow on the window  
And your step on down the hall  
You never wanted me babe  
You never knew me at all

I haven't any picture  
To set before my eyes  
Nothing to blame  
When the blues start to rise  
Just the memory of laughter  
And the living out of lies  
And if I could change my ways babe  
You'd never have said goodbye

If you ever get the time baby  
Please think on me  
It's a lock that can't be broken  
And there isn't any key  
And I'm only in your mind  
Only you can set me free  
You can't hurt me anymore babe  
And that isn't hard to see

Someday someone will leave you  
And I know you'll feel the same  
You'll mark it down to memory  
And the dream that never came  
Well there are no answers given  
When love is just a game  
You never wanted me babe  
And now I feel the same
