

2 Long

Jacob Latimore

Yeah, yeah
Oh, oh
Hol' up

You said she moved to LA and left me right here in the A
You was just doing your own thing, girl, I was doing my own thing
Always a bitch in my face, I'm saying, "Baby, just wait"
'Cause you are the only, girl, you are the only

I know you like hearing that shit I be saying, babe
I know it sound good 'til you wake up next morning all lonely
I'm always messing up, I'm on me (Yeah, yeah)
Just tell me every time that I'm missing out
And they be niggas in your DM, but you shut 'em down
I keep on giving you the runaround
I keep on giving you the runaround

'Cause I took too long and now you're gone
'Cause I took too long and now you're long gone
'Cause I took too long and now you're gone
I took too long and now you with another nigga (Oh)
Guess I took too long
Guess I took too long (Now you with another nigga)
I wasted your time 'cause I took too long
You tell a nigga "bye" 'cause I took too long
And now you fell back from a nigga (Yeah)
You say you ain't fuckin' with a nigga
Now you post another picture of a nigga
Only 'cause I took too long
You say it's too late for a nigga (Yeah)
But you don't even like that nigga
Couldn't even wait for a nigga
Baby, 'cause I took too long

I know you reserved 'cause you like to curve
Still comment on pictures, still wish I was with ya
I still you still lookin' fine, got me drinkin' at night
You know you supposed to be here, baby

I know you like hearing that shit I be saying, babe
I know it sound good 'til you wake up next morning all lonely
I'm always messing up, I'm on me (Yeah, yeah)
Just tell me every time that I'm missing out
And they be niggas in your DM, but you shut 'em down (Shut 'em down)
I keep on giving you the runaround
I keep on giving you the runaround

'Cause I took too long (Too long) and now you're gone
'Cause I took too long and now you're long gone
'Cause I took too long (Too long) and now you're gone (Ooh)
