

Dat Ass

Jacob Latimore

Damn, I miss that ass (That ass)
Damn, I miss that ass
It's been two days still I wanna slash
Damn, I miss that ass (That ass)
Damn, I miss that ass
Damn, I miss that ass (That ass)
Damn, I miss that ass
It's been two days still I wanna slash
Damn, I miss that ass

Pulled up a six
Got in the mix
Deep in the abyss
She pullin' licks
Gone on a ride
Phone had been died
Gone on the vibes
Feeling you gripping your thighs
Look at your eyes
When I'm inside
Tell me you feeling the high

Shop out of season
For no reason
I want it on the deep end
I can't pretend
The feeling ain't leaving
Use to do it on the weekend (Weekend)
Can't wait 'til the weekend
You the one I'm seeking

Damn, I miss that ass (Miss that ass)
Damn, I miss that ass (Miss that ass)
It's been two days still I wanna slash
Damn, I miss that ass (That ass)
Damn, I miss that ass
Damn, I miss that ass (That ass)
Damn, I miss that ass (Miss that ass)
It's been two days still I wanna slash
Damn, I miss that ass (Miss that ass)

Can't believe it's all yours (Wait)
No it's all mine (Yeah)
Can I fall by?
Give that ass a joy ride
Wide load, need that often
Eyes close, killing me softly
Ay, laughing at the ones before me
'Cause they slept on a real one
Now every night I'm sleeping with a real one
And her love is a one in, uh hey, and infinity
