All in the mansion  
Feelin' like dance

She ain't perfect  
But she worth it  
She be serving  
She be surfing  
And she make it disappear just like its magic  
Wear that Gucci wit the Louie mix and match it  
She gotta lit switch  
I gotta big stick go off  
It gotta fit rich  
You can't sit wit her all  
Big body benz  
You know it ain't rented  
She let me hit in the back wit no prob wit the windows tinted

Shoo shoo  
Girl, you the truth  
It's kinda hard for me to hold you  
Even hard for me to control you  
Cause you the baddest  
And you ain't settling for nothing only if its lavish  
It ain't up for no discussion you got lots of habits  
Shoo shoo  
Baby, got mass appeal  
Play wit the mass appeal

Pull up to LA we got that vibe  
Say she like that dusse baby open wide  
Looking good like Meghan, girl you in yo prime  
You gon have a good time  
You gon let it shine  
Let it shine

Get you a fit  
When I'm online you know she got taste  
Play wit them racks hold that blue faces on yo waste  
Shoo shoo  
Girl, you the truth  
It's kinda hard for me to hold you  
Even harder for me to control you  
Cause you the baddest
