'Bout how you man ain't treatin' you right
I'll be over here, he be over there

So this where I come in

We could roll through this city, babe
Yeah, swear to God I won't treat you wrong

Just tell 'em you'll be back, you'll be back, oh yeah, eh
I just wanna treat you right, if it's cool, shit we can chill t
onight, eh
Just tell 'em you'll be back, you'll be back, oh yeah, eh
I ain't gon' treat you wrong, if it's cool, shit you can stay o
ver all night all

If you with it, keep ridin' girl, say don't stop
I love it when you on top
The way you ride, got me goin' crazy
I swear to God, we gon' have us some babies
Always remember, anythin' you need
You know I got you, eh
If you want it now, I'll come hit you
Don't worry 'bout that nigga

So this where I come in
I'm your man when your man wrong or gone
We could roll through this city, babe
Yeah, swear to God I won't treat you wrong

Just tell 'em you'll be back, you'll be back, oh yeah, eh
I just wanna treat you right, if it's cool, shit we can chill t
onight, eh
Just tell 'em you'll be back, you'll be back, oh yeah, eh
I ain't gon' treat you wrong, if it's cool, shit you can stay o
ver all night all
