

Mixed Emotions

Jacob Latimore

You don't belong, not by my side
When I'm alone I think about those times
Watch the girl get backs and the buildin' go, baby
We make a playdate, take it to the graveyard, baby

Don't get me wrong, can't even lie
You give me more peace deep inside
I don't slow down for you, I don't slow down, whoa
I don't slow down for you

Babe, it's how you make me feel
Babe, it's how you make me feel
Babe, it's how you make me feel
Babe, it's how you make me feel

Sometimes I'm sure, sometimes I'm not
You can't be insecure, you've gotta give it all you've got
Watch the girls get backs and the buildin' go crazy
We make a playdate, take it to the graveyard, baby

Don't get me wrong, can't even lie
You give me more peace deep inside
I don't slow down for you, I don't slow down, whoa
I don't slow down for you

Babe, it's how you make me feel
Babe, it's how you make me feel
Babe, it's how you make me feel
Babe, it's how you make me feel

Babe, it's how you make me feel
Babe, it's how you make me feel
Babe, it's how you make me feel
Babe, it's how you make me feel
