Couple millions on a movies what you call that,

Young Smitto,  
Say I got swag, probably won't say ditto  
Cuz I am the only one,  
They call me the holy one  
I ain't tryin force you but you callin me Obi-Wan

So get up on this  
I'm lookin for a hot one  
Talkin bout a boyfriend, hope that you ain't got one  
Cuz even if you do, we can make it work though  
Girl I'm not a jerk, I just want to see you twerk  
Ohh, jeez

So back it up till you feel my hands touchin you,  
Girl I'm tryina kick it, no I'm not in love with you,  
Here for one night, so lets get in some trouble,  
So I'll go handle the bill  
So you can be Mrs Huxtable

Ooh, your body lookin like a soda bottle  
Said you want to go to Germany, lets go tomorrow  
Cuz you certainly lookin like the hottest model  
When you in that dress, oh yes you know that the motto

Ooh and you just scared of something long term  
Mess it up as soon as I say the wrong words  
What doesn't kill me is probably gonna make me stronger  
I'm a workaholic, girl that's why you call me Anders

Bring the guitar in and they bringin us all in  
Were waitin at valet, there bringin my car in  
And were makin a Maybach movie  
And its starring me and my clique  
Were kicking it like a sidekick

So get up on this  
I'm lookin for a hot one  
Talkin bout a boyfriend, hope that you ain't got one  
Cuz even if you do, we can make it work though

Please don't cry to me baby,  
Please don't lie to me baby,  
Come over here, close your eyes with me baby  
Yeah this world is so harsh  
Come survive with me baby, ohh

Bad times, yeah we had those  
Back when I was rocking bad flows  
Back when I wouldn't do battles  
Back when jokers were rocking afros

So get up on this  
I'm lookin for a hot one  
Talkin bout a boyfriend, hope that you ain't got one  
Cuz even if you do, we can make it work though  
Girl I'm not a jerk, I just want to see you twerk  
Ohh, jeez
