

Champagne

Jai Waetford

Lord, Lord, Lord please have mercy on me
She's the baddest I see
Sippin' colored champagne

Ask me in the morning "How the fuck it happened?"
Say I don't know, I can't tell you
But I'll do it again
Is this what you image, all this touching and passion
Tell your friends, change your plans
I'm sure they'll understand

I know happiness is on the way (happiness is on the way)
It's blinding, I can't seem to look away

Lord, Lord, Lord please have mercy on me
She's the baddest I see
Sippin' colored champagne
Lord, Lord, Lord, she's like nothing I've seen
Things are getting hazy
On this colored champagne (champagne)
On this colored champagne

Sexual advances, careful with my actions
But I don't doubt that you understood
Even when I'm missin'
I love you from a distance
'Cause somehow, feel so close to you

I know happiness is on the way (happiness is on the way)
It's blinding, I can't seem to look away

Lord, Lord, Lord please have mercy on me
She's the baddest I see
Sippin' colored champagne
Lord, Lord, Lord, she's like nothing I've seen
Things are getting hazy
On this colored champagne (champagne)
On this colored champagne (champagne)
On this colored champagne
Lord, Lord, Lord please have mercy on me
She's the baddest I see
Sippin' colored champagne
Lord, Lord, Lord, she's like nothing I've seen
Things are getting hazy
On this colored champagne (champagne, champagne)
On this colored champagne (champagne)
On this colored champagne
