

Drunk Together

Jai Waetford

Haven't seen my mum in months
Acting like I don't know how
To pick up the phone and say I still love you
80 in a 40 zone
On the way to your house
Got a new demo for us to dance to you

Front door opens you're still outback
Calls me to your bedroom
We walk through crowds of fake people
In our own dimension

I poured the drinks you make it stronger
I kissed your lips you hold it longer
We are the ones they warned you about

Bottle sips now we're drunk together
And I'm falling in love with you
We're too, drunk to know better
Bottle sips now we're drunk together
And I'm falling in love with you
We're too drunk to know
Drunk to know
Drunk to know

Come home just before the sun
I've been working everyday
Baby just remember that I still love you
Wake you up before I go
Take you to your favourite place
And I'll be rushing home so you can love me the way you do

Front door opens
You've been smoking
Call me to your bedroom
We don't need no outside people in our own dimension

I poured the drinks you made it stronger
I kissed your lips you hold it longer
We are the ones they warned you about

Bottle sips now we're drunk together
And I'm falling in love with you
We're too, drunk to know better
Bottle sips now we're drunk together
And I'm falling in love with you
We're too drunk to know
Drunk to know
Drunk to know

[Allday:]
Baby...
Substances went to my head
That's why they follow your ground
Try to control what I can't, yeah
Sometimes I stop for no reason
I wouldn't give it a meaning

That makes me wanna good drinking
I got that superficial charm
With you on my arm
And we're sipping til we're drunk now
Getting very far 'cause I'm tripping on you hard

Bottle sips now we're drunk together
And I'm falling in love with you
We're too, drunk to know better
Bottle sips now we're drunk together
And I'm falling in love with you
We're too drunk to know
Drunk to know
Drunk to know
