

LowLow

Jai Waetford

Call and say what's up
Tell me how you do
Say you wanna talk
Last time was a fluke
I can't say that I agree
Your just runnin' from the truth
Know your friends don't fuck with me
But I really fuck with you
You won't tell your girls
I would do the same
Say you wouldn't dare
But you do it anyway
Steal your Mum's car speed it down the West 308
Lock the doors when you come cause you know it ain't safe

Baby we gon pick it up and
You gon say it's love and
You think that you're tough but
Only when we're fuckin'
Take it like a champ
Keep it quiet when we're done
When your friends find out
Girl it's never any fun

Gotta keep it on the low low low low low
Gotta keep it on the low low low low low
Gotta keep it on the low low low low low
Low low low
Gotta keep it on the low low low low low

Been a couple months
Tryna make a move
Spending everyday
Only got a few
I been sneaking up the stairs
Cause your daddy won't approve
Of the things that we do at a quarter after 2
You say that you grown
Don't see eye to eye
When you see your friends
Why you try to lie
Why you tell em that done
You ain't fucking with this life
Tell me baby do they know
That you called the other night
Saying

Baby we gon pick it up and
You gon say it's love and
You think that you're tough but
Only when we're fuckin'
Take it like a champ
Keep it quiet when we're done
When your friends find out
Girl it's never any fun

Gotta keep it on the low low low low low

Gotta keep it on the low low low low low
Gotta keep it on the low low low low
Low low low
Gotta keep it on the low low low low low

Kept this on the low for a minute
Never let me know that we're missing
Kept this on the low for a minute
Never let me know that we're missing
Stay with me
Save me, please

Gotta keep, gotta keep...

Gotta keep it on the low low low low low
Gotta keep it on the low low low low low
Gotta keep it on the low low low low
Low low low
Gotta keep it on the low low low low low
