

# That Girl

Jai Waetford

She's got the crazy magic, supercalifragia-lipstick.  
She's got that swagalistic style.  
She's got that mesmerising, one look temperature rising.  
She's got that hypnotizing smile.

Oh-oh-oh-oh  
Her love is so contagious.  
Oh-oh-oh-oh  
I'm all about that...

[Chorus:]  
I'm all about that girl, girl, girl  
You know she's rocking my world, world, world  
I'm all about those sweet smiles  
And the good times  
And the way it feels when she's looking in my eyes  
I hope, when she looks at me  
I'm the only guy she sees  
And I hope it's true  
When she says, "I love you"  
'Cause I'm all about that girl

Those jeans that she's wearing  
All the boys gon' be staring  
It's too late, 'cause she's already mine  
She's on another level  
She's all kind of special  
She's like an angel in my eyes

Oh-oh-oh-oh  
Her love is so contagious.  
Oh-oh-oh-oh  
I'm all about that...

[Chorus]  
I'm all about  
I'm all about that girl  
I'm all about  
I'm all about that girl  
I'm all about  
I'm all about that girl  
Oh-oh-oh-oh

And when she looks at me that way  
She doesn't have to say anything at all  
Because I'm all about that girl

Yeah-yeah-yeah  
I'm all about her

[Chorus]  
I'm all about  
I'm all about that girl  
I'm all about  
I'm all about that girl

I'm all about  
I'm all about that girl  
Oh-oh-oh-oh

I'm all about  
I'm all about that girl  
I'm all about  
I'm all about that girl  
I'm all about  
I'm all about that girl  
Oh-oh-oh-oh

I'm all about that girl  
I'm all about that girl
