

The Worst Goodbye

Jai Waetford

It rains every time that I go, my heart called to let you know
I'm sorry, to do you like this
Wish I'd held you a little bit tighter, kissed you a little bit longer
Sorry, but that's the way it is

Cause you're the worst goodbye
And the best hello
And girl, I never planned to let you go
So
Run to me, fly to me
Jump to me, crawl to me
I don't care what it is that you do
As long as I'm the one with you oh
Yell at me, scream at me
Talk to me, cry to me
I don't care what it is that you say
Cause I'm the one to blame

The days last a little bit longer, the nights are passing slow without you
Sorry, to do you like this
My heart isn't working without you, I don't wanna leave, but baby I have to
I'm sorry, that's just the way it is

Cause you're the worst goodbye
And the best hello
And girl, I never planned to let you go
So
Run to me, fly to me
Jump to me, crawl to me
I don't care what it is that you do
As long as I'm the one with you oh
Yell at me, scream at me
Talk to me, cry to me
I don't care what it is that you say
Cause I'm the one to blame
So run to me, fly to me
Jump to me, crawl to me
I don't care what it is that you do
As long as I'm the one with you oh
Yell at me, scream at me
Talk to me, cry to me
I don't care what it is that you say
Cause I'm the one to blame
Cause you're the worst goodbye
And the best hello
And girl, I never planned to let you go
So
Run to me, fly to me
Jump to me, crawl to me
I don't care what it is that you do
As long as I'm the one with you oh
Yell at me, scream at me
Talk to me, cry to me
I don't care what it is that you say
Cause I'm the one to blame

Cause you're the worst goodbye

And the best hello
