

# We Don't Have To

Jai Waetford

I was up all night  
Been working on songs I  
Could sing about someone like you  
Been sleeping past daylight  
Puts visions in my mind  
I'm wondering where to find you

For one night only give me company  
Let's make assumptions, tell me what you need  
Can't be afraid of what happens when you leave  
Cause I got you

We don't have to fall in love tonight  
Just let me hold you  
Forget what I told you  
I don't want too many  
I'm in love tonight  
Kisses on your shoulder  
We can make things stop but when we slow down

We don't have to fall in love tonight  
Love tonight  
We don't have to fall in love tonight  
Love tonight  
We don't have to

Baby take your time  
Slow dancing in the door lights  
Taking off your clothes  
So many things that I might do  
Everything you want to

For one night only give me company  
Let's make assumptions, tell me what you need  
Don't be afraid of what happens when you leave  
Cause I got you

We don't have to fall in love tonight  
Just let me hold you  
Forget what I told you  
I don't want too many  
I'm in love tonight  
Kisses on your shoulder  
We can make things stop but when we slow down

We don't have to fall in love tonight  
Love tonight  
We don't have to fall in love tonight  
Love tonight  
We don't have to

For one night only  
Let's make assumptions  
Don't be afraid of what happens when you leave

We don't have to fall in love tonight  
Just let me hold you

Forget what I told you  
I don't want too many  
I'm in love tonight  
Kisses on your shoulder  
We can make things stop but when we slow down

We don't have to fall in love tonight  
Love tonight  
We don't have to fall in love tonight (Yeah)  
Love tonight (We don't have to)  
We don't have to
