

Carry On

Jake Miller

(Intro)

All carryon items should not be stored securely in the overhead compartment or under the seat in front of you. Thank you and enjoy your flight.

Yea, you could be my carry on
1-2, yea

(Verse)

From New York to LA, Miami to Chicago
You could be my carry on and go wherever I go
'Cause I know together we gon live it up
So baby hop up in my suitcase and zip it up
So lay down in the conveyor, bet I'll put you through security
X-ray scans, like a doctor gets on surgery
Overweight back fees, girl you know I pay that
'Cus baby you the bomb, like wait, I can't say it
And if you want we can fly first class now
I could beat it til you say, I'll give you the black eye
You don't need a ticket, just come away and kick it
If you'll be my carry on the sky's the limit

(Chorus " part 1) (x2)

'Cause I just wanna take you everywhere I go
Because I hate to leave you all alone
There's no need to go and check you on
'Cause baby you can be my carry on, you can be my carry on

(Chorus " part 2)

So what you say? Would you hop in in my luggage?
Everywhere I go, baby girl you know you comin
Yea we bout to board, so tell me what you waitin on
Baby you can be my carry on

(Verse)

Wherever you are, yea that's where I wanna be
Before the next 90 minutes I'll slide you under my seat
Or in the overhead compartment, I beg your pardon
But please take your bags away, we got to be departing
Seatbelts on as we fly up
But when it's off you can join in my high club
So baby meet me in the lavatory, we gon make some turbulence
And if it says occupied please don't come disturbing it
'Cus I'mma show you the world from a different view
Take you to places in the magazines are flippin through
There won't be no more missin you cus you'll be by my side
Baby you gon be my carry on until the day I die

(Chorus " part 1) (x2)

'Cause I just wanna take you everywhere I go
Because I hate to leave you all alone
There's no need to go and check you on
'Cause baby you can be my carry on, you can be my carry on

(Chorus " part 2)

So what you say? Would you hop in in my luggage?
Everywhere I go, baby girl you know you comin
Yea we bout to board, so tell me what you waitin on

Baby you can be my carry on
