Let's go all night  
Livin the high life, welcome to the high life  
You'll be alright  
Livin the high life, welcome to the high life yea  
Yea, ridin round my city  
I got a blondie sittin Shawty and she lookin pretty  
We burnin rubber while we swerving down the interstate

We ridin round and we made it  
Put a clip in the front, put it in the park and we hopin out and get faded  
It's just me and all of my homies  
Ballin out like Kobe  
Got my hoodie over my head lookin like Obi Wan Kenobe  
So let's break it down, turn it up  
Even when it's all night  
I'd like to welcome all you to the high life  
We keep it crazy, sexy, cool

So many girls up in my crib, it's lookin like a frat house  
So take my hand baby, we gon do this all night
