

Salt Water

Jake Miller

I'm divin' in your salt water
Sinkin' deeper to your ocean floor
Salt water
Take my breath till I can't breathe no more
Cleansing me of all my fears
I just wanna stay right here
In your salt water
Yeah, salt water

Hometown lovers on the east side
Palm trees swayin' while you lay on me
Hands wrapped tight around your waistline
There's something special bout your energy
Feelin' the vibrations, don't wanna let go
Lovin' the sensation, feel it in my soul
Hometown lovers on the east side
There's no place I'd rather be

Thank god I found you
Got me feeling brand new
Angels singing halleluhhh
I can spend the rest of my life just divin' in your

Salt water
Sinkin' deeper to your ocean floor
Salt water
Take my breath till I can't breathe no more
Cleansing me of all my fears
I just wanna stay right here
In your salt water
Yeah, salt water

Yellow is the color of my heart now
I've been workin hard and I deserve to feel like this way
Serotonin levels off the charts now
No I cant shake this smile off my face

Ever since I found you
Got me feeling brand new
Angels singing halleluhhh
I can spend the rest of my life just divin' in your

Salt water
Sinkin' deeper to your ocean floor
Salt water
Take my breath till I can't breathe no more
Cleansing me of all my fears
I just wanna stay right here
In your salt water
Yeah, salt water
