

# Scars

James Bay

You're setting off,  
It's time to go, the engine's running  
My mind is lost,  
We always knew this day was coming  
And now it's more frightening than it's ever gonna be

We grow apart,  
I watch you on the red horizon  
Your lion's heart  
Will protect you under stormy skies  
And I will always be listening for your laughter and your tears

And as soon as I can hold you once again  
I won't let go of you, I swear

We live through scars this time  
But I've made up my mind  
We can't leave us behind anymore

Your hands are cold,  
Your lips are turning blue, you're shaking  
This fragile heart,  
So heavy in my chest, it's breaking  
And in the dark, you try to make a pay phone call to me

But you're miles away,  
You're breaking up, you're on your own  
It's hard to take,  
I need an hour just to say hello  
And I can't make the truth of this work out for you or me

And for all the pennies in your pocket  
We barely get a second just to speak

We live through scars this time  
But I've made up my mind  
We can't leave us behind anymore  
We'll have to hurt for now  
But next time there's no doubt  
'Cause I can't go without you anymore

Oh, no, no  
Oh, oh.

We live through scars this time  
But I've made up my mind  
No, we can't leave us behind anymore

We'll have to hurt for now  
But next time, there's no doubt  
'Cause I can't go without you anymore  
No, I can't go without you anymore
