

# So Far Gone

James Blunt

Tell me the wars you're fighting  
Behind the smile you're hiding  
All the things I know you want to say

We tried our best to find us  
But there are no lights to guide us  
I can't sleep beside a stranger now

Piece by piece we fall apart  
With every beat slows down my heart

R: So I'll just say what you won't say  
and I'll take the blame if it is for your sake  
No turning back on what you can't save

So far gone  
Yeah, we're so far gone

I've tried hard to remember  
This prison cell used to be a shelter  
Now we're just looking for the best way out  
I can't fight you anymore  
You're already one foot out the door

R: So I'll just say what you won't say  
and I'll take the blame if it is for your sake  
No turning back on what you can't save

So far gone,  
yeah we're so far gone

And this is the face of letting go  
And these are things we already know

So I'll say what you won't say  
and I'll take the blame if it is for your sake  
No turning back on what you can't save

so far gone  
we're so far gone

So I'll say what you won't say  
and I'll take the blame if it is for your sake  
No turning back on what you can't save

So far gone,  
yes we're so far gone  
yes we're so far gone  
So I'll just what you won't say
