

# So Long, Jimmy

James Blunt

**Am C F Em B**

**Ami**

1. I just can't believe that it's over.

**C**

We were chilling out on the sofa,

**F**

Digging how the guitar goes,

In a song that no one knows.

**Emi**

Did you lick that line yourself,

**B**

Formed in the voodoo magic hell?

Does everyone have a different take?

Do you seem real but I seem fake?

Does everyone get hypnotized by your fire?

**C**

**Emi**

R: So long, Jimmy, so long.

**Ami**

**C**

Though you only stayed a moment,

**F**

We all know that you're the one. Singing,

**C**

**Emi**

So long, Jimmy, so long.

**Ami**

**C**

Sure we're glad for the experience,

**D**

We miss you now you've gone.

**F**

We're just swimming in your soul 'cause,

**G**

We all wish we wrote this song.

**Ami**

Life goes on.
