

# The Only One

James Blunt

Did all the words I never said,  
Hurt as bad as those I did?  
You know I never even cared,  
Not before you

If I could go and turn back time  
If I could only press rewind,  
I would bleed this heart of mine,  
Just to show you

And I'll be the first to say I'm sorry,  
The first to say I'm stupid  
Why do I always take you there?  
Is it hopeless?  
Or maybe you still want to,  
Meet me at the altar?  
And I will lay it all to bed

And I told you,  
All my secrets, all my fears  
I've let go  
And it's flawless,  
You are the only one  
You are the only one, Don't you know?  
Don't you know?

Am I fading from your mind?  
Has the distance blurred the lines?  
They say all things heal with time  
But it's untrue  
I will linger on every word  
I know it's more than I deserve  
Chances are, I'll make it worse  
But I need to, tell you

Tell you that I'm sorry  
Tell you, that I'm stupid  
Why do I always take it there?  
Is it hopeless?  
Or maybe you still want to, meet me at the altar?  
And I will lay it all to bed

And I told you,  
All my secrets, all my fears  
I've let go  
And it's flawless,  
You are the only one  
You are the only one, Don't you know?  
Don't you know?  
That the heart is cold, not having you to hold  
Don't you know?  
This old heart of mine can better see now you're gone

And I told you,  
All my secrets, all my fears

I've let go  
And it's flawless,  
You are the only one  
You are the only one,  
Don't you know?  
Don't you know?
