

# Right Behind You

James Durbin

Something so familiar  
It's like I met you somewhere before, before  
I can finish your sentence  
I can feel you behind the door, the door  
Turn off the headlights  
I'll do the pedals and you can steer  
Into the darkness  
Trust me there's nothing to fear, to fear

Close your eyes  
Fall backwards  
I won't let you die  
I'll be right behind you  
Close your eyes  
Just let yourself go  
I won't let you die  
I'll be right behind you

You don't have to say it  
It's like I know when you're gonna call, and you call  
I was unconscious  
I could see that you were not far, not far  
You can kill the headlights  
I'll do the pedals and you can steer  
Into the darkness  
Trust me there's nothing to fear, to fear

Close your eyes  
Fall backwards  
I won't let you die  
I'll be right behind you  
Close your eyes  
Just let yourself go  
I won't let you die  
I'll be right behind you

You gotta trust me  
You gotta trust me  
Do ya trust me?  
Do ya trust me?

Close your eyes  
Fall backwards  
I won't let you die  
I'll be right behind you  
Close your eyes  
Fall backwards  
I won't let you die  
I'll be right behind you

I won't let you die  
I'll be right behind you
