

# So Fine

James Ingram

Say, I'm gonna wait until ya come around again  
To catch you with my greatest line  
Been building confidence all night  
Just to let cha know what's on my mind  
My heart skips a beat  
Whenever I look at your anatomy  
Girl you got me so spellbound

Ooo wee child  
The way you move is poetry in motion  
Ooo wee child  
A treat for the eyes to see

Girl ya so fine  
So fine, it's chillin'  
Hard to believe it  
So fine, I feel it  
Constantly on my mind  
Oh yeah, so fine, so fine

If only we could be together you and me  
Wrapped up in each other's dreams  
You can keep me up all night  
Makin' love until the mornin'  
I can just E-magine girl!

Ooo wee child  
The way you move is poetry in motion  
Ooo wee child  
A dream tailor made for me

Girl ya so fine  
So fine, it's chillin'  
Hard to believe it  
So fine, I feel it  
Constantly on my mind  
Yeah, so fine, so fine

Girl ya so fine  
So fine, it's chillin'  
Hard to believe it  
So fine, I feel it  
Constantly on my mind  
Oh yeah

Because all I know is  
You came along and changed my world  
All it took me baby was one loo at you  
And honey you just blew my mind

I know everybody is trying to tell you how fine you are  
But I don't want to bore you with all that dried up Mammy made info  
So I'm a'sang it to you, check it

What an experience baby  
That I've never known  
All I wanna say is that

Ooo wee child over and over and over

So fine, it's chillin'  
Hard to believe it  
So fine, I feel it  
Constantly on my mind  
So fine, so fine  
Girl ya so fine  
Baby ya so fine  
Constantly on my mind  
Baby
