

Back On The Ground

James LaBrie

You're lost in outer space
And I don't mean to burst your balloon
Put Yourself in my place
While you orbit around the Moon

You know I've tried my best
You never gave the time of day
And now you're out of breath
And heading across the Milky Way

Gotta get you feet
Back on the ground
Shake Off The Stardust
Gotta get you feet
Back on the ground
Just not On Venus
Don't make it any worse
Just Throw it in reverse
Come On
Come On
Come On Down To Earth
Gotta get your feet
Back on the ground
Back on the ground
Back on the ground

Riding a solar wind
As you leave to saturn's rings
You dig your heels in
But that's not gonna solve a thing

You know I've tried my best
You never gave the time of day
And now you're out of breath
And heading across the Milky Way

Gotta get you feet
Back on the ground
Shake Off The Stardust
Gotta get you feet
Back on the ground
Just not On Venus
Don't make it any worse
Just Throw it in reverse
Come On
Come On
Come On Down To Earth
Gotta get your feet
Back on the ground
Back on the ground
Back on the ground

No tractor beam
To pull you here
And break you through
The Atmosphere

The vacant space between your ears
Doesn't get it
Doesn't get it

You know I've tried my best
You never gave the time of day

Gotta get you feet
Back on the ground
Shake Off The Stardust
Gotta get you feet
Back on the ground
Just not On Venus
Don't make it any worse
Just Throw it in reverse
Come On
Come On
Come On Down To Earth
Gotta get your feet
Back on the ground
Back on the ground
Back on the ground

Gotta get you feet
Back on the ground
Shake Off The Stardust
Gotta get you feet
Back on the ground
Just not On Venus
Don't make it any worse
Just Throw it in reverse
Come On
Come On
Come On Down To Earth
Gotta get your feet
Back on the ground
Back on the ground
Back on the ground
