

# Beautiful Life

James Morrison

I was born with tears in my eyes  
Like everybody else I know  
Kicking and screaming  
All I could see was a light in a world so cold

No-one to hold you  
Feels so lonely  
Left out on your own  
But we were born with tears in our eyes  
And that's how we learned the strength to fight

It's a beautiful life  
Well, you won't always see it that way  
When you're deep in a hole  
With nowhere to go  
And you can't see it change

(It's a beautiful life)  
Coz it's just out of sight  
It's a beautiful life

You're scared, got the fear every day  
Sounds like everybody else I know  
Takes a hole in the ground  
Or the sky falling down  
Before we can let it show

If you're just like me  
You're trying to believe  
That it's all going to work out fine  
We can live with the doubt  
We're trying to do without  
Maybe we don't have to fight

It's a beautiful life  
Well, you won't always see it that way  
When you're deep in a hole with nowhere to go  
And you can't see it change

(It's a beautiful life)  
Coz it's just out of sight  
It's a beautiful life

I tried so hard to keep hanging on  
Well maybe you should just let it go  
Let the hope in your heart break the fall

Sing with me  
It's a beautiful life  
Well, you won't always see it that way  
When you're deep in a hole with nowhere to go  
And you can't see it change

(It's a beautiful life)  
Coz it's just out of sight  
It's a beautiful life
