

# Had It All

## Jamestown Story

I met this girl when I had turned seventeen  
We shared a class and she sat right next to me  
As it turns out  
We were something meant to be

So two years later when she contacted me  
I was so excited that I couldn't believe  
I said Baby, I will not forget this day

She was an angel  
Who stepped in my hell  
And made my world a better place to be

I still can't believe she's gone  
And I don't know if I can move on  
Because she was the best thing I'll ever have  
And I'll never replace what's lost

The first years went by like we were in a dream  
We started new lives in a brand new city  
It was magic but it wasn't meant to be

He popped the question when I turned twenty-three  
I was so excited that I couldn't believe he's my baby  
But he's not the one for me

So listen baby  
I know that you hate me  
But I tried my best to make it all work out

We have it all  
(We had it all)  
We still have it all  
(No we had it all)  
We had it all so don't let it fade away because I need you

Here is what I'll say to you  
I was dumb, I was a fool  
And I know that I can be selfish  
I regret the things I put you through  
So please give me one more chance to try  
And I swear you'll never leave my side  
Because you are the best thing I've ever had in my life  
Because you are the best thing I've ever had in my life  
And I hope you'll give me one more chance to try.
