

# Overdose

Jamie Foxx

They say I had it bad.  
Addicted to what we had.  
Heart rate's slow fading fast.  
Vitals low might not last.  
Strapped down while sirens ring.  
Holding on trying to breathe  
Not like this I can't leave.  
Look what you've done to me.

I've overdose overdose overdose on you.  
They said I've overdose overdose overdose on you.  
Cause I want you close. I need you the most.  
Without you im just through.  
So I've overdose overdose overdose on you.

Rushing me switching lanes.  
Ivs going through my veins.  
Blood tests say no cocaine.  
They don't know you're the blame.  
Cause your deep inside of me.  
So this is goodbye to me.  
But with you I'll die happily.  
One more hit I'll be free.

Cause I've overdose overdose overdose on you.  
They said I've overdose overdose overdose on you.  
Cause I want you close. I need you the most.  
Without you im just through.  
So I've overdose overdose overdose on you.

Cause I know that you would kill me.  
Cause im sweatin, tweakin, feenin.  
Never been so high.  
But damn I love this feeling.  
Cause im achin, breakin, shakin.  
Will I make it through the night.  
And now my body is cold.  
Im losing, cause I was abusing it. Oh no  
Can't nobody help, I did it to myself.  
And I swear I'll do it again and again.

I've overdose overdose overdose on you.  
They said I've overdose overdose overdose on you.  
Cause I want you close. I need you the most.  
Without you im just through.  
Cause I've overdose overdose overdose on you.
