

Wait it Out

Jamie Grace

[Intro]

All the girls with no ring on their finger
Wait it out, 'cause we can, yes, we can
All the girls with no ring on their finger
Wait it out, 'cause we can, yes, we can

[Verse 1]

My best friend got a boyfriend
Said he pretty cute and he wanna be her husband
Get a ring boy, want me boy
Don't just talk about it better work it out boy
Everybody got that ring by spring, yeah
Graduated M are S degree
Gonna get dressed up, gonna stand by your side
And I'm probably gonna, probably gonna cry
But I stay single, team single
And it ain't 'cause I don't wanna mingle

[Pre-Chorus]

One day, I'll be riding with my bae, crowding with my baby
But today I'll be singing with my girls, singing with my ladies

[Chorus 1]

All the girls with no ring on your hand gonna
Wait it out, 'cause we can, yes, we can
All the girls with no ring on your hand gonna
Wait it out, 'cause we can, yes, we can
Not gonna settle for less than the best, no
My daddy taught me better than that
All the girls with no ring on your hand gonna
Wait it out 'cause we can, yes, we... Yes, we can
La la, la la la la la, la la la
La la, la la la la la, la

[Verse 2]

Dear boy with the real nice face
You gotta understand that ain't all it takes
I get the card up, pay for the food, yup
I promise you my daddy won't be very rude to ya
I locked this heart with the key from the king
You better talk to him if you wanna talk to me

He'll love you like no other, no need to be a stunner
He working on you and he working on his daughter, said...

[Pre-Chorus]

One day, I'll be riding with my bae, crowding with my baby
But today I'll be singing with my girls, singing with my ladies

[Chorus 2]

All the girls with no ring on your hand gonna
Wait it out, 'cause we can, yes, we can
All the girls with no ring on your hand gonna
Wait it out, 'cause we can, yes, we can
Not gonna settle for less than the best, no
My daddy taught me better than that
All the girls with no ring on your hand gonna

Wait it out 'cause we can, yes, we... Yes, we can

[Bridge]

And he will stay by my side
Through the good and bad and the darkest nights
I know he will be a dream come true
So I will wait for as long as it takes
And my mama said that it's worth the wait
When I meet the one that I give my heart to!

[Chorus 3]

All the girls with no ring on your hand gonna
Wait it out, 'cause we can, yes, we can
All the girls with no ring on your hand gonna
Wait it out, 'cause we can, yes, we can
Not gonna settle for less than the best, no
My daddy taught me better than that
All the girls with no ring on your hand gonna
Wait it out 'cause we can, yes, we... Yes, we can
