

# Building a Beginning

Jamie Lidell

[Verse 1: Jamie Lindell]

I, I, remember

Thinking i didn't have the answer

So i move with the moment

And start over, falling

[Chorus: Jamie Lindell]

Building a beginning

Building a beginning

Building a beginning (ooh)

Building a beginning, with you (ooh yeah)

[Verse 2: Jamie Lindell]

Oh I, can, deliver

Without moving, to surrender

And i, can, make up my mind

To carry on

To carry on (oooh)

[Chorus: Jamie Lindell]

Building a beginning

Building a beginning, with you

Building a beginning (ooh woah)

Building a beginning, with you (with you)

[Verse 3: Jamie Lindell]

Every morning is a mountain (oh woah)

My dreams just over, over the horizon

I can feel the light in me

And i know, yeah i know

I have ,the energy

(Yeah) to be

[Bridge: Jamie Lindell]

Building a beginning (oh woah)

Building a beginning, with you

Building a beginning

Building a beginning, with you

(You know I choose) building a beginning, baby with you

Building a beginning, with you

With you now now now, cos it feels so right

[Outro: Jamie Lindell]

It feels so right

Oh i wanna be building

Building a begging with you
