

## Do Yourself A Faver

Jamie Lidell

Maybe you're a sinner, maybe you're all right  
To me it just don't mean anything  
Not gon' let you be the winner  
Not without a fight  
Just think about, now  
Well, well, well

(Chorus):

Every little thing that you do  
Tryna play with me  
But you know you  
Better do yourself a favor  
Every little thing that you do to  
Try to get into my life  
Ain't gonna work, no way  
No, never

See the way that you've been quipping  
The way you always handle my  
I know it's dark 'cause it's how I used to be  
That's how I used to be

The kind of emptiness you feel  
The kind of hole you have to fill  
Don't come from me now, don't come from me

(Chorus)
