

So Cold

Jamie Lidell

You find it so easy to cut me down
..so cold is no more ..yours around

But what the hell we're fighting for
before you're shoot me..
let me show you the door, the door, the door
Let me show you the door, the door, the door
Yeah yeah yeah

Used to be so cool but now you know you're so cold
So cold, so cold, so cold
Used to be so cool but now
what the hell happened to you?
to make you so cold.

So cold, so cold
So cold.

Baby you were this way just from the start
Baby honest as divine living in the dark
But now the look out the look from my eye
And all the bullshit, you know you can't disguise
No no no no no

No no no no
You look so smart but it seems to me
you got..then your vanity oh oh
You won't get my sympathy
just get for grimp before you come back looking for me, for me.

Used to be so cool but now you're so cold
So cold, so cold, so cold
He used to be so cool but now
he's so cold, so cold, so cold, so cold
He used to be so cool but now
you know he's so cold, so cold, so cold.
He used to be so cool but now
He used to be so cool but now, now
you're so cold, so cold, so cold.
But now you're so cold, so cold, so cold.

So cold.
