Don't You Know

Yeeah
Mmmh, yeah

Gonna rock your body
Take it down slow
I'm gonna rock your body
Don'ts they know?

I'm gonna rock your body
Take it down slow
I'm gonna rock your body, yeah
Don't you know?

Big city, beautiful sky
The only thing I want is a taste of your body
Soft sand, flickering light
Your beating, breathing out keep me from dying

I'm gonna rock your body
Take it down slow
I'm gonna rock your body
Don'ts they know?

I'm gonna rock your body
Take it down slow
I'm gonna rock your body, yeah
Don't you know?
Don't you know?
Yeah, don't you know?

Big city, beautiful night
The only thing I want is a taste of your heart
Wherever I go, it's gonna be all right
There's nothing in the world that can keep me from flying

I'm gonna rock your body
Take it down slow
I'm gonna rock your body, yeah
Don'ts they know?

I'm gonna rock your body
Take it down slow
I'm gonna rock your body
Yeeeah
Don'ts they know?
