

Heartbreak

Jamie N Commons

So that's the wedding off, I'm sure
I probably should have told you before

Before we asked all our friends and the invites were sent
Before we all got so dressed up and stood in this tent
I don't know why it took so long
For this dream to die

If this is heartbreak
(If this is heartbreak)
Then fire another arrow
If this is heartbreak
(If this is heartbreak)
Then take me to the bottom
Before I'm older and it's over
And now I know
If this is heartbreak
(If this is heartbreak) Yeah
I should've tried it years ago
I should've tried it years ago

So here's to all those wasted years
And here's to all those wasted tears (wasted tears)

'Cause you're crying on my shoulder now for the last time
About all of the ways it's not your fault but mine
And now that it's over, well I don't know why I
Waited so long for this dream to die

If this is heartbreak
(If this is heartbreak)
Then fire another arrow
If this is heartbreak
(If this is heartbreak)
Then take me to the bottom
Before I'm older and it's over
And now I know
If this is heartbreak
(If this is heartbreak) Yeah
I should've tried it years ago
I should've tried it years ago

(Whoa, and still love's what makes us stronger
Whoa, I think it's over, it's over)

If this is heartbreak
(If this is heartbreak)
Then fire another arrow
If this is heartbreak
(If this is heartbreak)
Then take me to the bottom
Before I'm older and it's over
And now I know
If this is heartbreak
(If this is heartbreak) Yeah
I should've tried it years ago
I should've tried it years ago

I should've tried it years ago
I should've tried it years ago
I should've tried it years ago
