

A Fallen Star

Jan Howard

A star fell from heaven right into my arms the brightest star I
know I've never seen
Then I found out that it was only you with all your charms
Who came into my life to fill a dream
A fallen star that's what you are the twinkle in your eye came
from the sky
You must have strayed from the milky way a fallen star that's w
hat you are

A fallen star that's what you are..
A fallen star that's what you are
