

## But Not For Love My Dear

Jan Howard

I'll be yours but not for love my dear  
With my hand in yours I'll stare at you with passion  
Tell you sweet things maybe even cry a tear  
And then we'll dance real slow to the music soft and low  
I'll be yours but not for love my dear  
Please don't be offended it's not you my dear  
It's an old love that overpowers each new love that appears  
For fun and fascination temporary consolation I'll be yours but  
not for love my dear

I let you hold me close then let you kiss me and hear you whisp  
er baby in my ear  
We'll share our life of laughter not carying what comes after  
I'll be yours but not for love my dear  
Please don't be offended...  
Yes I'll be yours but not for love my dear
