

Face to face

Ami G Dmi E7

I know your spirit and I know your smile,
I know your lovers and your favourite bars.
I'm so tired of your empty words,
but besides that all I'm still waiting for you to call.

A Dmaj7 A

Now we are standing face to face,

A Dmaj7 A

I feel so free, I feel no pain.

A Dmaj7 Dmi7

Now we are standing face to face,

E Ami G Dmi E7

I feel no pain...

It's too late, where are you, not at home.

I'm still waiting for you, at the same place,
at the same time.

I'm so tired, that I can't sleep

how stupid I've been, I thought you could be with me.

Now we are standing...

...And I've been many, many nights without you.
