

I'll Hit You Back

Jane's Addiction

Next time
I'll have somewhere else
to be,
I'm running away
from you....
can't take
being besieged.

Knowing that I got some scar on you
Knowing that I held the ground to you

I'm trying
Just to see
the bigger picture, oh
Be the bigger man
don't hit first, resist attack
But know
I'll hit you back

Knowing that I got some scar on you
Knowing that I held the ground to you

Knowing that I knocked you down
Knowing that I let my tongue go
I aimed and I let my rounds out
..on you!

Do I have to be the bigger man?
Always the better man?

Forget that!
Forget that!
Forget that!

I wanna hit you back - ooh
Hit you back, yeah!
Hit you back - oh
Hit you back, yeah!
Hit you back..

Knowing that I got some scar on you
Knowing that I held the ground to you

Knowing that I knocked you down
Knowing that I let my tongue go
I aimed and I let my rounds out
..on you!
