

Happy Holidays

Janet Devlin

Everybody's out playing in the snow
But I'm sat here by the fire
Cause you know
I don't like the cold

And everyone's out dancing in the streets
Singing songs and carols
While the children are asleep
But that's just not for me

Just cause you're a little more festive than me
Doesn't mean I don't enjoy a good holiday
So no
I want you to know

Have yourself a merry, happy, jolly, festive Christmas time
You do yours the way you do
And I'll be fine the way I do mine

And have yourself a merry, happy, jolly, festive Christmas time
I'll be drinking whiskey not wine
So happy holidays
Happy holidays
Happy holidays
Happy holidays

Family's gather round
Telling story's of old
Reminiscing of the good time
Wearing festive hats of gold
Don't forget these days
We're always told

And just cause your more festive than us
Doesn't mean we won't enjoy our time this Christmas
So no
We want you to know

Have yourself a merry, happy, jolly, festive Christmas time
You do yours the way you do
And I'll be fine the way I do mine
And have yourself a merry, happy, jolly, festive Christmas time
I'll be drinking whiskey not wine

So happy holidays
Happy holidays
Happy holidays
Happy holidays
