

I'll Need Someone To Hold Me

Janie Fricke

Your bags are packed and waiting
By the door
If you really want to go
Well, it's alright

Don't worry 'bout me darling
Cause I'll get by
But I'll need someone to hold me when I cry

I'll need someone to tell me
That I'll get over you
And I'll need a friend to lean on
When I'm felling blue

So sit down here beside me
After you say good-bye
Cause I'll need someone to hold me when I cry

The taxi cab is waiting
For you to go
But darling, tell him that you've
Changed your mind

And stay until tomorrow
Cause I know tonight
That I'll need someone to hold me when I cry

I'll need someone to tell me
That I'll get over you
And I'll need a friend to lean on
When I'm felling blue

So sit down here beside me
After you say good-bye
Cause I'll need someone to hold me when I cry

And I'll need someone to hold me when I cry
