I'll Need Someone To Hold Me

Janie Fricke

Your bags are packed and waiting By the door If you really want to go Well, it's alright

Don't worry 'bout me darling Cause I'll get by But I'll need someone to hold me when I cry

I'll need someone to tell me
That I'll get over you
And I'll need a friend to lean one
When I'm felling blue

So sit down here beside me
After you say good-bye
Cause I'll need someone to hold me when I cry

The taxi cab is waiting
For you to go
But darling, tell him that you've
Changed your mind

And stay until tomorrow

Cause I know tonight

That I'll need someone to hold me when I cry

I'll need someone to tell me
That I'll get over you
And I'll need a friend to lean one
When I'm felling blue

So sit down here beside me
After you say good-bye
Cause I'll need someone to hold me when I cry

And I'll need someone to hold me when I cry
