

# Tell Me A Lie

Janie Fricke

Album: Sweet and Sassy

Composer: Micky Buckins / Barbara Wyrick

Tell me a lie  
Say I look familiar  
Though I know that you don't even know my name  
Tell me a lie  
Say ya just got into town  
Even though I've seen you here before  
Just hangin' around

Umm, tell me a lie  
Say you're not a married man  
'Cause you don't know I saw you  
Slip off your wedding band  
Ooh, tell me a lie  
Say ya got no place to stay  
But you'll be glad to drive me home  
'Cause it's on your way

Tell me a lie  
When you take me home  
(Tell me a lie)  
I don't really want to spend the night alone  
Tell me a lie  
Don't worry about my sorrow  
You'll be long gone tomorrow  
And you won't have to see me cry  
Just tell me a lie

Tell me a lie  
Come on, tell me that you need me  
And I'll pretend that it's for real  
The way you want me to  
Please, tell me a lie  
When you're lying close beside me  
And whisper when you hold me  
Sweet words "I love you"

Ooh, tell me a lie  
When our night is almost over  
And make it easy on us both  
When it's time for you to go  
Come on, tell me a lie  
Say you'd really like to stay  
Just tell me one more lie  
That you'll be back one day

Tell me a lie  
When you take me home  
(Tell me a lie)  
I don't really want to spend the night alone  
Tell me a lie  
Don't worry about my sorrow  
You'll be long gone tomorrow  
And you won't have to see me cry  
Just tell me a lie
