

Let Me Be Lonely

Janis Ian

Ooo, let me be lonely
I'd rather be by myself
than with you acting holy
I want to be with the one
I want to be
or else I want to be free
Ooo, let me be lonely

Saving up for a rainy day
or donate to charity?
Impossible
Think you'll make history?
improbable
give your love to me

Ooo, let me be wanted
I've a right to tonight
to delight
when you got it you flaunt it
and if you're not
what you seem to be then

how come you're coming on strong?
Ooo, let me be wanted

all you do with your time
is tease me
Couldn't you find the time
to please me?
With your kind
it looks so easy
shoving the blues away

Ooo - let me be lonely
I'd rather be by myself
acting holy
I want to be with the one

Ooo, let me be lonely
All you do with your time
couldn't you find the time?
With your kind it's done
