

# When You Love Someone

Janis Ian

When you love someone - it's an arrow in the heart  
When you love someone - it's a shot in the dark  
When you love someone - it's a needle in the vein  
When you love someone - it's a moth to the flame  
When you love someone - it's love that makes a hero  
When you love someone - it's a prayer for the damned  
When you love someone - it's another helping hand  
When you love someone - it's a crack inside the wall  
When you love someone - and you don't have far to fall  
When you love someone - it'll make a fool believe  
When you love someone  
When you love someone  
We will come down from the mountains  
When you love someone  
We will rise up from the valleys, yeah  
When you love someone  
We will come from every corner  
When you love someone  
We will make this whole world over  
Just you wait and see  
When you love someone - it's love that makes you brave  
When you love someone - from the cradle to the grave  
When you love someone - there's a song in every word  
When you love someone - you are more than you deserve  
When you love someone - there is magic in your hands  
When you love someone - and there is peace upon the land  
When you love someone  
We will come down from the mountains  
When you love someone  
We will rise up from the valleys, yeah  
When you love someone  
We will come from every corner  
When you love someone  
We will make this whole world over  
Just you wait and see  
When you love someone - it's a shadow at high noon  
When you love someone - it's a river on the moon  
When you love someone - it's an ocean in a pond  
When you love someone - it's the starlight at dawn  
When you love someone - it's a never ending heat  
When you love someone  
When you love someone - it's an arrow in the heart  
When you love someone - it's like a shot in the dark  
When you love someone - from the cradle to the grave  
When you love someone - from the master to the slave  
When you love someone - it'll make you a hero  
When you love someone  
When you love someone - it's a prayer for the damned  
When you love someone - it is another helping hand  
When you love someone - it's a crack in the wall  
When you love someone - and you don't have far to fall  
When you love someone - there is magic in your hands  
When you love someone - there is peace upon the land  
There is peace upon the land  
There is peace upon the land  
There is peace upon the land
