

# Away

Jann Arden

Away

You are so far away from me my love  
The distance, I'm missing you, I've come undone  
Cause every time I breathe, it hurts, and I can't find  
the words  
You are so far away

Your kisses are wishes lost in a wall  
I wander around in some kind of hell  
Cause every time I breathe, it hurts, how my body  
yearns  
You are so far away  
Away  
Away

Every moment filled with anguish  
Happiness a foreign language  
In my mind I'm wrapped around your waist  
But you're away  
Away

My heart beats, oh so deep  
I count the hours  
Bite fingers, pain lingers, all these dead flowers  
Cause every time I breathe, I weep, I cannot get to  
sleep  
You are so far away  
Away

You're away  
Away
