

i am wild in mourning
in a freezing cell
in a hollow hell
i am wild in sorrow
imprisoned in it's jail
clamp down the bars across the heart
keep the hand of your ghost from ripping it out
force it to be still
s o r r o w
in a freezing cell
clamp down the bars across the heart
keep the hand of your ghost from ripping it out
force it to be still
force it to be still
force it to be still
ah to be still
force it to be still
force it to be still
s o r r o w
i hate through these tears
i hate through these tears
i hate through these tears
