

# Drama

Jasmine Thompson

Ooh

Ooh

Being happy

Oh, it's boring, I'm more into crazy

I like extra so extraordinary

And I bet that you like it too

And I like you

Oh to be young

We're starting fights and making up

It's just for fun

Not really sad but I'll pretend for attention

Oh to be young (ooh)

Oh to be young

So let's keep on, keep on making drama

We can call it love

You can call it what you wanna

I wanna keep on, keep on making drama

I won't call you bluff if you give me what I want

'Cause I want it with you (ooh)

I want it with you (ooh)

It's the magic

I feel it when I'm chasing madness

I need it, I see it in flashes

And I know that you see it too

Swear I like you

Oh to be young

We're starting fights and making up

It's just for fun

Not really sad but I'll pretend for attention

Oh to be young (ooh)

Oh to be young

So let's keep on, keep on making drama

We can call it love

You can call it what you wanna

I wanna keep on, keep on making drama

I won't call you bluff if you give me what I want

'Cause I want it with you (ooh)

I want it with you (ooh)

I want it with you (ooh)

I want it with you (ooh)

I want it with you (ooh)

Just gimme, just gimme, just gimme your drama

Just gimme, just gimme, just gimme your drama

Just gimme, just gimme, just gimme your drama

Just gimme, just gimme, just gimme your drama

So let's keep on, keep on making drama

We can call it love

You can call it what you wanna (call it what you wanna)

Keep on, keep on making drama  
I won't call you bluff if you give me what I want  
'Cause I want it with you  
I want it with you  
I want it with you (ooh)  
I want it with you (ooh)  
I want it with you (ooh)

Just gimme, just gimme, just gimme your drama (I want it with you)  
Just gimme, just gimme, just gimme your drama (I want it with you)  
Just gimme, just gimme, just gimme your drama (I want it with you)  
Just gimme, just gimme, just gimme your drama (I want it with you)
