

## Sorry Lori

Jason Collett

Your smoking gun was lying in my arms  
When you told me to keep it hid  
I thought it'd best if we just stay in  
But I must confess I did not confess

We got stoned in bed  
I dreamed I was back home with my woman  
You never told me what you meant, why didn't you say?  
We are born into conflict

I'm sorry Lori  
You're such a jealous girl  
I'm sorry Lori  
You're such a jealous girl  
I'm sorry Lori
