

# Love Hangover

Jason Derülo

I met her at a bar,  
the look she gave me said I wouldn't get far.  
But that aint never stop me,  
see I like a challenge so I proceeded to speak.  
One drink turned into two drinks,  
And three drinks turned into dancing.  
And pretty soon her body was all up on me,  
When I woke I saw her Layin next to me.

It was just a fling, but I really don't regret a thing.  
Cause it was crazy babe, and by the looks of it you felt the same.

And all I remember is me sayin,  
give it to me then you gave it.  
Now I'm smiling and I'm barely sober,  
I'm caught in a love hangover.  
Love hangover, love hangover.

Don't you worry it's fine,  
see this will be our little dirty secret for life.  
Cause your man will loose his mind,  
If he ever found out last night.  
That one drink turned into two drinks,  
And three drinks turned into dancing.  
And pretty soon her body was all up on me,  
When I woke I saw her layin next to me.

It was just a fling, but I really don't regret a thing.  
Cause it was crazy babe, and by the looks of it you felt the same.

And all I remember is me sayin,  
give it to me then you gave it.  
Now I'm smiling and I'm barely sober,  
I'm caught in a love hangover.

Now I didn't know,  
how far it would go.  
But I said I would have her,  
now it's the morning after.

It was just a fling, but I really don't regret a thing.  
Cause it was crazy babe, and by the looks of it you felt the same.

And all I remember is me sayin,  
give it to me then you gave it.  
Now I'm smiling and I'm barely sober,  
I'm caught in a love hangover, I'm caught in a love hangover.  
I'm caught in a love hangover, I'm caught in a love hangover,  
Love hangover.
