Jason Eady

When I hear that night wind moan  
When I hear that night wind moan  
When I hear that night wind moan they're gonna roll away this s  
tone  
When I hear that night wind moan

When I hear them call my name  
When I hear them call my name  
When I hear them call my name I know my soul will soon be saved  
When I hear them call my name

Chorus:

Oh my lord, oh my lord  
I can't take back what came before  
I get down on my knees and pray  
I bow my head it's judgment day

When that crowd shall gather round  
When that crowd shall gather round  
When that crowd shall gather round will they make a mournful so  
und  
When that crowd shall gather round

Lay me down upon this bed  
Lay me down upon this bed  
Lay me down upon this bed and let me rest my weary head  
Lay me down upon this bed

(Chorus)
