

Forgiveness Is A Miracle (A Song For Joseph) / Man Of Mercy

Jason Gray

Love can make a soul come alive
Love can draw a dream out of the darkness
And blow every door open wide
But love can leave you brokenhearted

Did she dare to look you in the eye
Did her betrayal leave you raging?
Did you let her see you cry
When she said the child was not your baby?

Pain can turn to anger then to vengeance
It happens time and again
Even in the best of men
It takes a miracle to save us

When love is like an open wound
There's no way to stop the bleeding
Did you lose sleep over what to do?
Between what's just and what brings healing

Pain can be a road to find compassion
When we don't understand
And bring a better end
It takes a miracle to show us

Forgiveness is a miracle
A miracle
And a miracle can change your world
Forgiveness is a miracle

An angel in a dream spoke into your darkest night
So you trusted in the Lord and you took her as your
wife
But the forgiveness that you gave would be given back
to you
Because you carried in your heart what she was holding
in her womb

Love was in a crowded barn
There you were beside her kneeling
You held it in your arms
As the miracle started breathing

Forgiveness is the miracle
The miracle
And a miracle will change your world
Forgiveness is the miracle
Forgiveness is the miracle
The miracle
And a miracle will save the world
Forgiveness is the miracle

Blessed Joseph, your heart is proven
And through you the Kingdom has come
For God delights in a man of mercy
And has found an earthly father for his son
