

# You In A Song

Jason Reeves

Trying to figure out  
Which way I want this to go  
Do I want it to be happy  
Or sad or fast or slow

Trying to work it out  
What it is I feel  
Do I want to rock you  
Shock you  
Soothe you or move you

I just wanna write you in a song  
Put your smile on paper  
So you can sing along  
I just wanna bottle the sun  
Yeah, keep your light a secret  
I can find when you are gone  
Gone, gone  
When you are gone  
Gone, gone

You are like a beautiful tree  
With roots in the ground so deep  
That they could never be seen

I'm a leaf that's ready to fall  
And the wind's gonna blow me  
Someday away from it all

I just wanna write you in a song  
Put your smile on paper  
So you can sing along  
I just wanna bottle the sun  
Yeah, keep your light a secret  
I can find when you are gone  
Gone, gone  
When you are gone  
Gone, gone

When you are gone  
Gone  
(Gone, gone, gone)  
Gone, gone  
Yeah, I just want to write you in a song

Most people  
When they can't get away  
It makes them more than a little crazy

Yeah  
But I'm the one that can never stay  
I'll always have you with me

Yeah  
Always have you with me in this song  
Yeah, this song  
Oh

I just wanna write you in a song  
Put your smile on paper  
So you can sing along  
I just wanna bottle the sun  
Yeah, keep your light a secret  
I can find when you are gone

I just wanna write you in a song  
Put your smile on paper  
So you can sing along  
I just wanna bottle the sun  
Yeah, keep your light a secret  
I can find when you are gone  
Gone, gone  
When you are gone  
Gone, gone

When you are gone  
Gone, gone  
When you are gone  
Gone, gone  
I just want to write you in a song

Gone, gone, gone, gone  
(When you are gone)  
Gone, gone

Gone, gone  
(You are gone)  
Gone, gone  
Gone, gone

Gone, gone, gone  
(I just wanna write you in a song)  
Gone, gone, gone
